

CERTIFICATE

It is certify that the paper entitled by "Simulation Analysis and Economic Utilization of Discharge CO2FROM Combustion Gas Via Amine Absorption For EOR, And CCs" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

Paper has published with following details:

Authors Name : Engr. Unyime Enobong Okure

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 11

Issue No. : 7 (July 2022)

CERTIFICATE

It is certify that the paper entitled by "Simulation Analysis and Economic Utilization of Discharge CO2FROM Combustion Gas Via Amine Absorption For EOR, And CCs" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

Paper has published with following details:

Authors Name : Engr. Nnadikwe Johnson

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 11

Issue No. : 7 (July 2022)

CERTIFICATE

It is certify that the paper entitled by "Simulation Analysis and Economic Utilization of Discharge CO2FROM Combustion Gas Via Amine Absorption For EOR, And CCs" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

Paper has published with following details:

Authors Name : Engr. Ibe Raymond Obinna

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 11

Issue No. : 7 (July 2022)

CERTIFICATE

It is certify that the paper entitled by "Simulation Analysis and Economic Utilization of Discharge CO2FROM Combustion Gas Via Amine Absorption For EOR, And CCs" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

Paper has published with following details:

Authors Name : Khama Rieborue Emmanuel

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 11

Issue No. : 7 (July 2022)
