

## **CERTIFICATE**

It is certify that the paper entitled by "Design of Intelligent Water Quality Detection System Based on STM32" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

#### Paper has published with following details:

Authors Name : Fan Zhang

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 14

Issue No. : 11 (November 2025)

## **CERTIFICATE**

It is certify that the paper entitled by "Design of Intelligent Water Quality Detection System Based on STM32" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

#### Paper has published with following details:

Authors Name : Xingshuo Sui

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 14

Issue No. : 11 (November 2025)

#### **CERTIFICATE**

It is certify that the paper entitled by "Design of Intelligent Water Quality Detection System Based on STM32" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

#### Paper has published with following details:

Authors Name : Jinhao Wang

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 14

Issue No. : 11 (November 2025)

## **CERTIFICATE**

It is certify that the paper entitled by "Design of Intelligent Water Quality Detection System Based on STM32" is accepted for further publication in International Journal of Engineering Inventions (IJEI).

## Paper has published with following details:

Authors Name : Min Li

Journal Name : International Journal of Engineering Inventions (IJEI)

Journal URL : www.ijeijournal.com

Review Type : Peer Reviewed Journal

Publication Type : Online & Print both

ISSN No. : 2278-7461 (Online); 2319-6491 (Print)

Vol No. : 14

Issue No. : 11 (November 2025)
